

your master plan for convention housing®

Groups Wizard

## Travel Planners lets you give sub-groups more power to manage room blocks.

Our exclusive Groups Wizard™ tool eliminates the most time consuming parts of managing sub-blocks. Group contacts get easy online access and total control. The result: more satisfied sub-groups and fewer customer service calls.

### Here's how we simplify sub-block management.

- Our ZoomList™ tool uploads room list spreadsheets and automatically integrates new bookings, changes and cancellations into Groups Wizard, eliminating data re-entry errors.
- The group contact can assign rooms, generate room lists and run reports with just a couple of clicks. Records update in real time.
- All rooms can be modified at once if arrival/departure dates, room types or credit cards need to change. It's easier and safer than updating rooms one by one.
- Every sub-group has its own dedicated Travel Planners reservation agent for personal assistance and handholding, any time they want it.

### It's all part of the plan...at no extra cost.

Groups Wizard is a high-tech, high-touch feature of every Travel Planners housing program. There's never any extra cost to implement it.
